Through those doors we walked, drinking in all the sights, peering into the new faces. We made new friends and found our respective places. We looked toward our future with excitement and with fear to 1993 . . .
the year."

Moving forward and making memories.
We began to grow closer as a class. The friendships we've made here were built to last, together we'd understand through the laughter and the tears to '93 . . . the year."

The memories we've shared are cemented forever in our hearts. From this day forward we'll only remember as we make our fresh, new starts. So now, look only ahead with that same excitement, anticipation and fear to

1993 YEARBOOK DEDICATION

MR. MICHAEL HERN

With a name like "Homework Hern", why would he even be considered for the yearbook dedication? Well, there is more to life than homework. Although he is infamous for assigning mammoth term papers and endless amounts of reading, he brings his classes to life by refereeing vicious debates and making something as boring and complex as the stock market fun and simple. Whether giving an example using students as characters or mispronouncing the names of foreign lands, Mr. Hern brings smiles to all our faces.

It's his special brand of dedication and involvement that makes us say "Thank you, Mr. Hern." Although those of us lucky enough to have you were only able to enjoy your class for one year, we enjoyed every minute. To show our appreciation, the Class of 1993 dedicates our yearbook to you.

"So must we try to explain the smile that lingers . . .
or the thrill that comes to the tips of our fingers when our hand is clasped in the hand of a friend.

And life is changed from that hour to it's end . . .
For us, it is enough to say
That something beautiful passed our way."

GIRLS FIELD HOCKEY

The 1992 season led by tri-captains Joanne Arsenault, Sarah Little, and League All-star Joyce Tamulevich had it's ups and downs. Maryann Caulfield showed right away she was going to be a strong scoring threat. This proved to be true and she was recognized by being named a League All-Star at the end of the season.

The team got out to a fast start and then seemed to sputter in the middle of the season. However, with about five games left in the year the girls put it all together and showed what they were really capable of doing. It was like a different team. The defense led by Kara Pescatore, Tricia Peters, and Joyce Tamulevich held a strong scoring Sandwich team to no goals and frustrated the Dennis Yarmouth scoring machines.

This new spurt of life has certainly inspired next years team, which will be led by Alyson Forrester, and Kerry Steel. We'l look forward to the season.

Rams Sizzle on Ice

This year, the high-flying Rams skated and checked their way to a tough 11-5-2 season. Although the State Title eluded them, their mighty efforts brought them into the playoffs where they beat the top-seeded Division II team of Danvers. The menacing offense was led by seniors Chris Sheehan, Sean Brebbia, Chris Hood and division leading scorer Mike McIntyre. Seniors Mike McDonald and Dave McGonagle and sophomore Travis Ford applied hard-hitting defense. Congratulations also to junior Jack Houghton whose goaltending was superb. Thank you to Coaches Crowley, McSweeney, and McDonald for all their support. With the power of all the young skating Rams, the future looks so bright all spectators may be required to wear shades!

David L Barbeau Jr.
Soon you will be taking that first step that will begin your journey into life. How far that journey will take you, no one knows. But the important thing is how far you travel into yourself. Try to hold onto the child within you. Try to keep some of your innocence, your curiosity, your sense of humor. For these qualities will serve you well when you are a man.
Good luck, young man, and welcome to the world.

Benjamin,
Congratulations for a job well done. We are so proud of you.
Love,

There is no limit to what can be done if it does not matter who gets the credit.

Dear Tim,
Your limits of accomplishments are endless and guaranteed only a handful of people will know all that you do. Your friends will know a little, your family a little more but you will know all. That's what really is important. Our love will always be there for you.

Sometimes,
not often enough,
we reflect upon the good things,
and those thoughts always center around
those we love
and I think about those people
who mean so much to me

so very happy
and I count the times I have forgotten to say
"Thank you"
and just how much
I love them.
